

## NP Role

- ☞ Nurse Practitioner Led clinic with support from collaborating Family Physician
- ☞ Primary health care services with a focus on health promotion and illness prevention
- ☞ Health clinic opened on November 22, 2014
- ☞ Clients accessing the clinic represent 25 countries and 5 of 7 continents.

## A Global Community \*

## Improving Access to Care

## Lessons Learned

- ❧ Impact of parental mental health on early child development
- ❧ Unique health care needs of families new to PEI

# Moving Forward

- ☞ Profound impact of the early years
- ☞ Programing focused on child centered care
  - ☞ Placing parents and children as highest priority
- ☞ Greater system collaboration
  - ☞ Complex issues that our communities and families are facing, requiring integrated and innovative solutions
